

**Here, I am.**

## MEET THE HEADMASTER

Welcome to Royal St. George's College.

Since 1964, RSGC has been providing an extraordinary learning environment for boys in the heart of downtown Toronto.

The Georgian experience has always transcended an outstanding academic education. Our mission is to challenge and inspire each boy to become the best version of himself.

Our RSGC guarantee of *Known and Loved* is something that is lived everyday at the school. Each boy is challenged and supported academically, athletically, artistically, socially and emotionally to become the best version of himself. The best version of himself is a man of character. The best version of himself is an inquirer, a problem solver and a thinker. The best version of himself is engaged in a breadth of experiences and understands what it feels like to commit fully. The best version of himself is cultivated in authentic relationships with outstanding educators who are passionate about their students.

The best version of himself is a Georgian.

There is an intangible quality to a great school; something you can sense when you walk in the door. It's the sense of community and the culture of respect. It is the *esprit de coeur* and the sense of pride and belonging among the students. It is the way the school resonates and simply feels right. I welcome you to come and visit Royal St. George's College and see, feel and understand the benefits of the Georgian experience for yourself.

Sincerely,

Stephen Beatty (Class of '86)  
Headmaster

## YOUR QUICK REFERENCE TO EVERYTHING RSGC

### **Promise**

a community where each boy is known  
and loved

### **Forward-thinking**

challenging curriculum tailored to the  
unique way boys learn

Think...

## INQUIRY-BASED LEARNING

At Royal St. George's College, our boys will not just be found in the classroom; they will also be found debating the ethics of war and peacekeeping, collaborating on presentations, learning to tie a tie, building inventions in our new design engineering studio, planting a community garden and dashing to band or soccer practice.

Our enriched programming exposes boys to a breadth of learning opportunities that deepens their understanding of themselves and the world around them.

At RSGC, we believe a well-rounded education encourages boys to experience academic, social and personal growth that prepares them to meet the challenges of university and life beyond.

"A unique school  
in a unique and  
diverse community."

A Current RSGC Parent

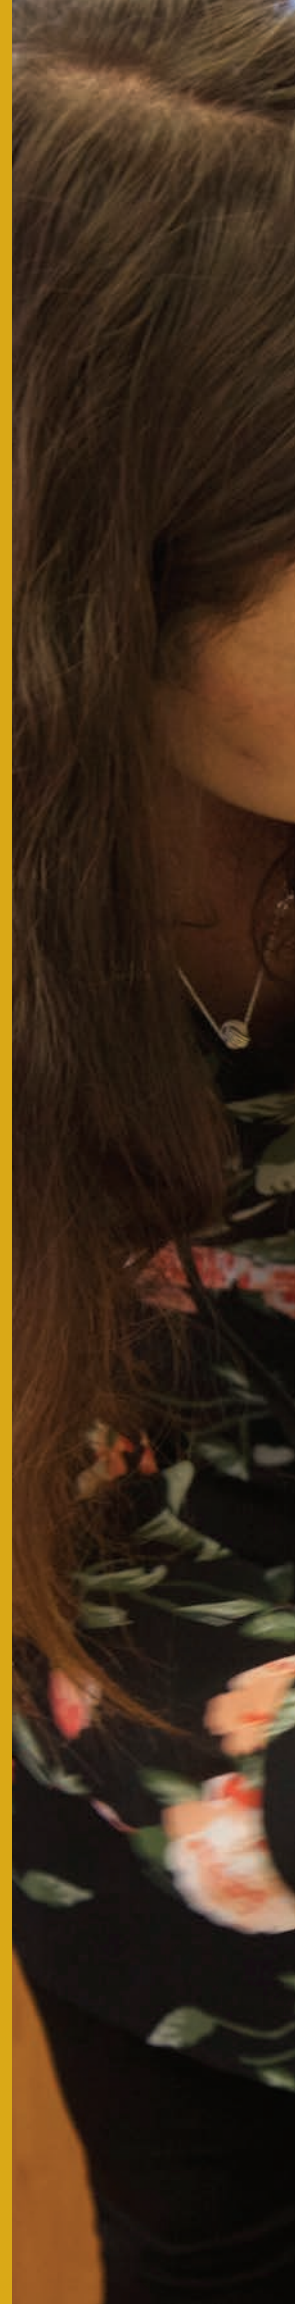

## OUR MISSION

“To challenge and inspire each boy to become the best version of himself.”

The best version of himself is cultivated in authentic relationships with outstanding educators who understand they don't teach subjects – they teach boys.

“Our son has truly thrived at RSGC. We feel he has become the best version of himself under RSGC's teaching, guidance and caring.”

A Current RSGC Parent

Challenge...

# Focus...

Our students develop comprehensive strategies from Junior School through Senior School to enhance learning, leadership and life skills.

Our boys can be seen working together all over campus, drawing up plans, working with numbers, and writing and re-writing solutions to problems that exist in the immediate community and beyond. By providing an academic program that taps into each boy's motivation, we develop committed and self-aware boys who will have the potential to thrive and lead in an innovative world.

## OUR BOYS BLAZE TRAILS, TAKE RISKS AND DIG IN

We offer a stimulating and supportive environment where boys are challenged to push the boundaries of their thinking and education. Our academically grounded, innovative and hands-on curriculum emphasizes project and inquiry-based learning with a focus on creative problem solving, critical thinking and the understanding of the relationship between actions and ethics. Georgians design, experiment, empathize, evaluate and imagine. They welcome adversity and challenge as a part of their learning.

"The boys' happiness is the top priority for parents and the school."

Headmaster

## BALANCE IS INSTRUMENTAL

RSGC offers a challenging program of academics and extra-curricular activities that prepare students to thrive and lead in a changing world. Georgian boys choose from a curriculum full of thought-provoking electives and Advanced Placement (AP) courses that offer an abundance of opportunities for enriched learning. Our boys participate in engineering, public speaking, athletics, creative arts, and instrumental and choral music.

"RSGC is the best investment decision we have ever made."

A Current RSGC Parent

Our athletics programs and facilities (including an onsite Dojo) provide students with diverse opportunities to build sportsmanship. Our small size means developing athletes can find a spot on our competitive teams.

Our outdoor education and excursions programs offer students an opportunity to deepen their understanding of themselves, the environment and the need for stewardship.

Community service helps students define a sense of selflessness, perspective and social responsibility.

Our music, arts programs and student clubs help our boys develop their creative problem-solving skills and artistic expression.

PURSUE...

Perform...

## WE 'GET' BOYS

At RSGC, we understand and appreciate that boys learn and develop differently across all ages and stages of development. Our students learn with their hands, minds and bodies. Our boys move, think, explore, inquire, roll up their sleeves and engage with our curriculum and the world around them.

Boys in the Junior School reveal their talents and abilities through our academically based and inquiry-based learning.

Senior students are offered opportunities to deepen their knowledge of themselves and the world around them while leveraging their strengths to pursue academic excellence.

Our urban location provides access to some of the finest academic and cultural facilities in the city, many within walking distance.

"Our boy received a fantastic education and he will be a better man for having spent his formative years at the College."

Alumni Parent

## MANNERS MAKETH MEN

Grounded in the values of integrity, spirituality and propriety, RSGC equips boys with the skills required to navigate and live a balanced, purposeful life. We believe that when boys are truly happy, they are able to achieve their maximum potential.

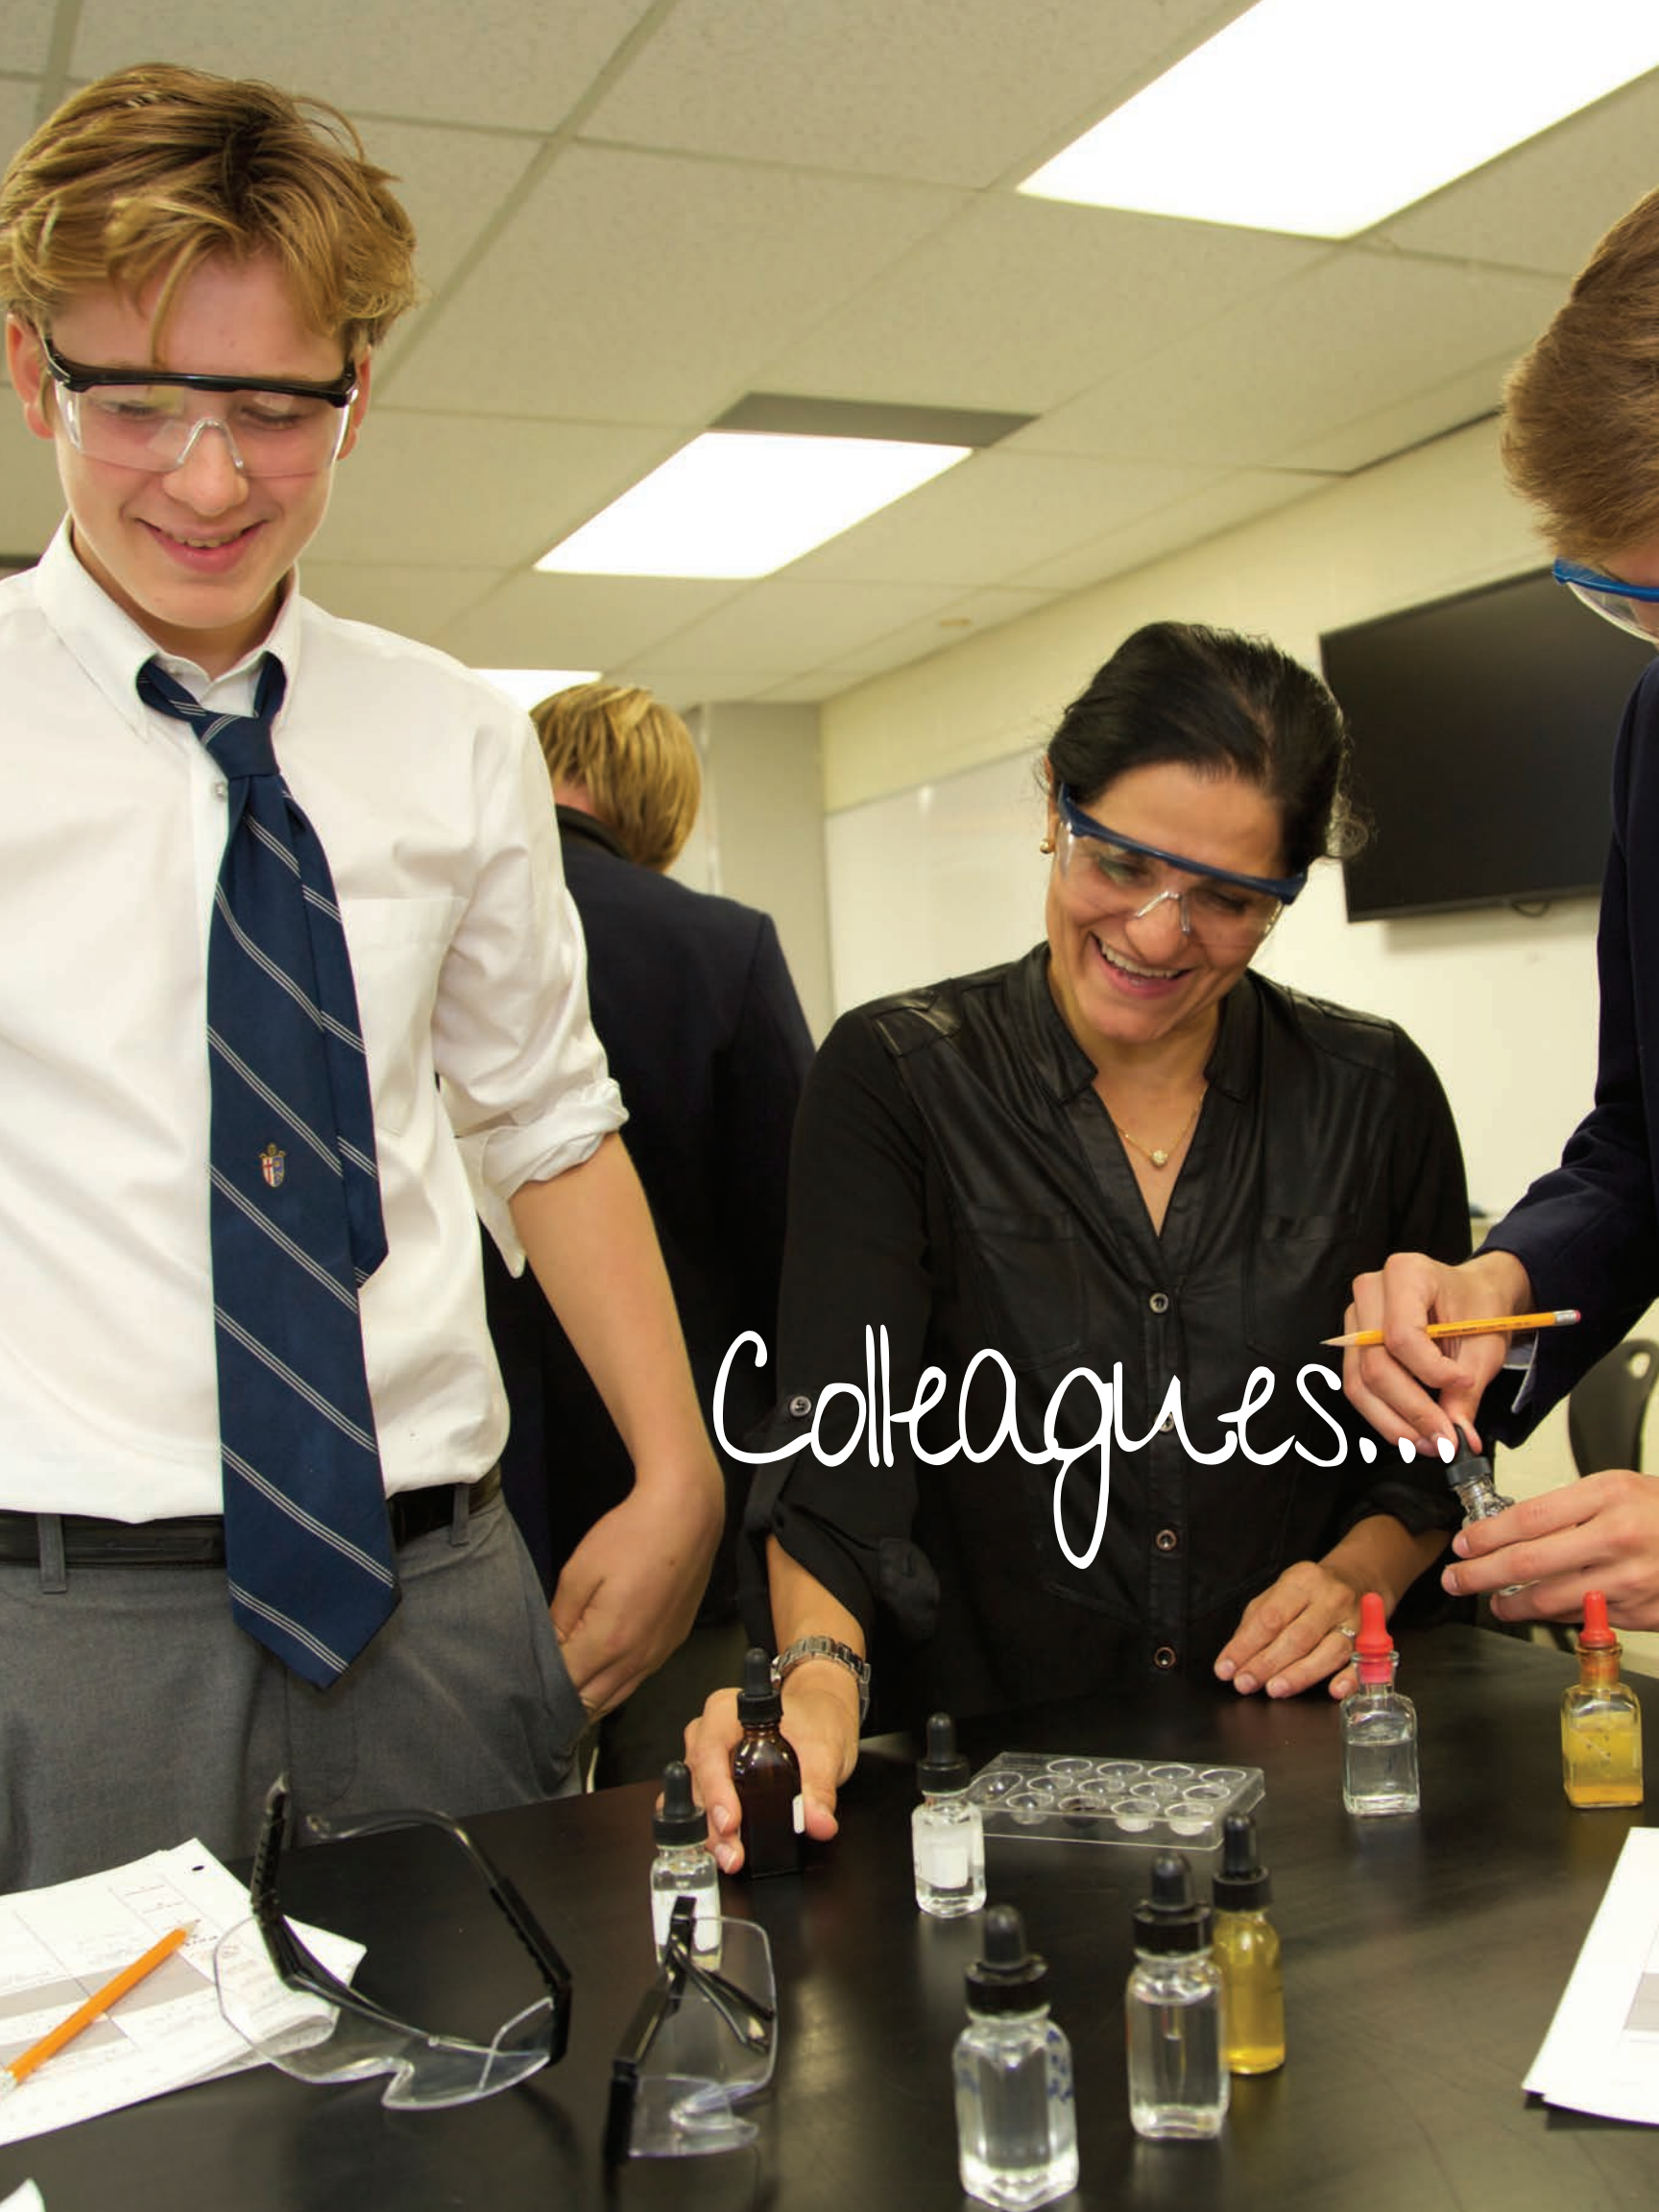

We are a community that fosters a culture of respect and emphasizes thoughtful interactions with the world around us. Georgians do the right thing, even when nobody is watching.

Friends...

Colleagues...

## **A PLACE TO FIT IN AND STAND OUT**

Boys love to be celebrated. We know that in order to take risks and achieve, boys need to feel safe and comfortable in their learning environment.

Our school is like a family. Boys grow up here. They develop their confidence, expand their interpersonal skills, mature and make lifelong friends. At RSGC, we understand and celebrate boys' differences.

## COME VISIT US!

We invite you to visit Royal St. George's College, walk our halls and tour our classrooms. Come see, feel and understand the benefits of the Georgian experience for yourself.

Members of our admissions team and student ambassadors conduct regular tours of the school. Book a visit with us by contacting:

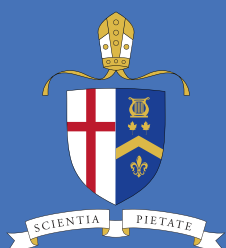

Tom Stevens  
Director of Admissions  
416-533-9481 x227  
tstevens@rsgc.on.ca

Toni Nosworthy  
Admissions Associate  
416-533-9481 x229
