ABOUT JOAN OF ARC ACADEMY

Joan of Arc Academy is an all-girls private elementary and middle school. We provide an enriched bilingual education for girls from Junior Kindergarten to grade 8, ensuring that every girl can truly reach her full potential in both official languages.

"The environment is very nurturing and builds confident, resilient young women."

- Z. Tompa, Former Parent

COVID-19 RESPONSE

For all grades, Junior Kindergarten to Grade 8, full school days are being held in person. We have implemented health and safety measures following Ottawa Public Health school procedures. To learn more call us or visit our website (joanofarcacademy.com).

BILINGUALISM

Joan of Arc Academy is a fully bilingual school. All french classes including french, social studies, physical education, and performing arts are taught at the Ontario French Curriculum level and beyond

Speaking both French and English is especially beneficial for those living in Canada's capital. Bilingualism is essential for most careers in government, travel or corporate affairs. The development of strong language skills at a young age provides an invaluable asset throughout a child's life.

ALL-GIRL ENVIRONMENT

The all-girl environment at Joan of Arc Academy empowers our students. Our graduates (age of 13-14) leave with the confidence to tackle any future endeavour they choose.

SMALL CLASSES

Our classes cap at only 15 students allowing teachers to understand each student's individual learning style. This extra care leads our students to reach high levels of academic achievement.
