Excellence & Leadership

Tapply Binet College

A private co-educational day
school in Ancaster, for students
in Grades 7 through 12.

Shaping Minds

— Since 2003 —

Students First

Student scholars, athletes, and students with an IEP (individualized education program)

Our flexible program delivery is always considerate of the students' schedules and needs.

Our school provides students with a personalized program which will lay the foundation for a bright future and tailored-fit career path.

That is the key to students' success.

Contact us today to learn more about our individualized programs.

WHAT YOU WILL LEARN

Our Philosophy:

Our philosophy is simple – Engage, empower, and encourage in a fluid world.

Students will work with teachers personally, and have ongoing access to post-secondary preparation with our Guidance Counselor Specialist.

Parent and Guardian Testimonials

"Our grandson has really progressed while attending Tapply Binet College. Not just in his improvements in his grades but also in his confidence that, 'Yes, I can do this,' instead of, 'I can't grasp this.'"
- G. Murphy

"Tapply has provided a wonderful environment for a 'free-spirited' individual to thrive."
- Tracy Irwin

"Tapply Binet College is an amazing school that understands how to motivate and instill a love of learning in a young person. My wife and I am grateful for the time our son spent at Tapply. This school was instrumental in helping him to focus his life in a positive direction. Tapply Binet College was worth every penny! I highly recommend this school to parents and youth who want to discover a love of learning and be successful in their academic pursuits."
- Paul A. Ricketts, M.A.
