

SWALLOWDALE CAMP

Where Adventures Begin...

OURCAMP

At Swallowdale Camp, we believe in the Canadian tradition of camping. We believe that childhood is a special time when curiosity, adventure, fun and freedom combine easily with opportunities to learn new skills, develop leadership qualities and try new activities that lead to a sense of independence. We make this happen through a wide variety of water sports, land activities, campfire games, silly theme days and cabin competitions.

But what makes Swallowdale unique is the opportunity to develop friendships with campers from around the world. Our international camp family has been growing each year with campers from new countries joining those who have been coming for many years. It's amazing how laughter is the same in all languages!

**For over 40 years, Swallowdale has been...
