IMPORTANT NOTES

Does your child take medication?

If so, make sure it is given to a counselor immediately. At most camps, all medication - *even vitamins* - must be stored in the camp's health lodge where it is available and administered safely.

Does your child wear eye-glasses? If this is the case, please pack a second pair just in case.

Does your child wear an orthodontic retainer?

Please talk to him/her now about caring for it as part of the camp routine and not losing it.

Don't forget to pack
