STEM Camp

Students practice STEM skills building LEGO® robots, coding video games, designing simple machines and bridges, and honing math skills with fun games and lessons! Each camp showcases new robots, game designs, engineering, math lessons and science experiments. Campers will explore speed, motion, gravity, and sound and will be learning while enjoying themselves.

Sylvan Learning & Enrichment

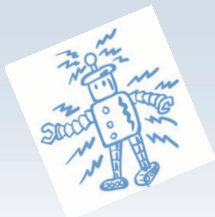

Don't forget that Sylvan delivers lessons all summer long too! Develop writing skills through a variety of interactive, fun lessons with certified teachers. Refresh core math and language skills forgotten over the summer holidays through fun, hands-on lessons.

**Start with your FREE
assessment and see what
help your child needs!**

**Space is limited.
