## Pop-Up Restaurant

At the end of each week (except for the 4-day weeks), Rooks to Cooks transforms into our world-renowned pop-up restaurant, "Petit Chefs".

Campers have the unique opportunity to invite their family and friends to partake in a meal that they will create from start to finish! At Petit Chefs, our campers run the show working as the servers, bartenders, hosts, and chefs. All of the food and beverages served at the restaurant are 100% in house made by the campers themselves.
