UMS Adventure Camp

Our camp offers a wide variety of exciting experiences for campers 7 to 13 years of age. This year, UMS has redesigned our program to ensure a fun and safe environment, while being focused on keeping Campers engaged! **Specialized STEAM programming** has been added to our existing Technology, Sport, and Design activities. Teachers will run these camp programs in small cohort group settings. Enrollment is weekly. **Register early, limited spots are available!**

Week 1 July 4th-8th

Multi Sports: Not sure what your favourite sport is? Campers will play a wide variety of sport activities including flag football, soccer, hockey, and basketball.

Coding-101: We step into the matrix this week as campers learn the basics of coding. Campers will learn how to code games, web pages, and robotics.

Survivor Skills: This week campers will learn... to camp! Campers will be taught various survivor skills and compete to put these skills to the test.

Colourful Chemistry: Campers will create crazy coloured concoctions this week as they experiment with mixing various substances.

*Week 5 August 2nd-5th

Hockey: It's time to get your gear on. Practice your shots, passes and saves this week while playing hockey games and practicing drills!

Photoshop: Be an Instagram Influencer! Campers will learn to use photo editing tools and techniques to create their own simulated viral posts by the end of the week.

Crafty Creations: Camp gets crafty this week! Campers will learn how to make a collection of cool crafts that they can share with their friends and family.

Electrifying Power: Campers charge up this week as they explore circuits and electricity. They will create their own circuits and learn how to harness various forms of electric power this week at camp.

Week 2 July 11th-15th

Volleyball: Set, Serve, and Spike! Campers will practice their bumps, spikes, serves, and volleys this week playing volleyball.

Minecraft: Look out for the Creeper! This week, Campers learn how to create, explore, and problem solve by building and coding with Minecraft.

Build Your Game: Campers get their game on this week! Campers will learn about different board games and create their own game to play with friends and family.

Mission to Mars: All aboard the Rocket Ship! This week, campers go to space as they plan and design their trip to Mars. Campers will create every aspect of their mission.

Week 6 August 8th-12th

Archery: Robin Hood had to learn his skills from somewhere and so do you. Campers will become straight shooters this week as they learn this ancient art.

Animation: Campers will make stories come to life as they learn programs and techniques to create animated movies on digital platforms.

African Drums: Campers feel the beat this week as they improve their listening, coordination, and gross motor skills, by participating in upbeat rhythmic drum playing.

Mad Scientists: A dash of science and a sprinkle of sunshine creates the potion for the ultimate summer experience. This week, campers will be involved in mad experiments exploring crazy scientific concepts.

Fridays

Every Friday, Adventure Campers go on an Adventure! This year, although Campers will not leave the school grounds, they will have an amazing time exploring a variety of visitors and virtual trips!

Week 3 July 18th-22nd

Basketball: Want to shoot like Curry? This week campers will learn ball handling and other skills, as well as essential rules and strategies, while shooting hoops.

3D Printing: 3D printing is an innovative technology which allows anyone to build almost anything. This week, we use software to design and build objects and print them using UMS' 3D printers.

Drama Lama: To be or not to be? Campers will learn to express themselves through exciting role-playing, theatre games, and improvisational activities.

Amazing Architects: This week, campers build bridges and structures as they compete to see who can build the strongest and the tallest structure of all!

Week 7 August 15th-19th

Badminton: Little birdies flying through the sky, you won't hit them unless you try! This week is badminton; practice your serves and your smashes at Adventure Camp.

Digital Comic Book: You don't have to pick between Spider-man and Superman, you can make your own superhero! Build your own digital AR comic book this week.

Nature Lovers: Looking for all of our nature lovers ready to put their crafty skills to work. Campers will be creating masterpieces only using items we can find in nature.

Builder's Paradise: Investigate, explore, design, and engineer. Campers will build modes of transportation from planes, trains, to automobiles.

Health and Safety Protocols

The health and safety of our campers, staff, and families is of utmost importance. Our procedures include daily screening, temperature checks, cohorting and more. Please read our Covid-19 Summer Camp Protocol.

Week 4 July 25th-29th

Flag Football: Pass, catch, and touchdown! This week, campers will practice their plays in games of flag football.

Robotics: Control and program little digital minions! Learn about the basics of robotics and experiment in order to eventually make robots obey your every command.

Dragon's Den: Time to enter the Den. Campers will learn how to be a Business Mogul as they compete and demonstrate their entrepreneurial skills this week.

Mystery Bag Challenge: What's in the bag? I can't tell you! Campers will learn to think quickly this week as they are surprised with different challenges each day at camp.

Week 8 August 22nd-26th

Soccer: Adventure Camp is playing the 'beautiful game' this week! Campers will learn the key skills of passing, shooting, and coordinating while playing soccer.

Movie Mania: Campers can make hip beats, symphonies, movies or short films. This week we use song and video editing software to make creative masterpieces.

Art Attack: Grab your brushes, paints, and pencils! Campers will discover different mediums and explore their artistic talent this week of summer camp.

Balloon Science: We go up, up, and away this week studying balloon science. Campers will see balloons differently as they learn scientific uses for balloons.

UMS Reach to Achieve Tutoring Programme

UMS English As a Second Language (ESL) Program

The summer ESL program will provide children the opportunity to learn and improve their English in and outside of the classroom. In the morning, students will be placed in groups according to their level of proficiency (beginner, intermediate, or advanced) and participate in a structured program. Focus will be placed on both written and oral skills, developing their grammar, vocabulary, pronunciation, and conversational skills. During the afternoon, students will participate in camp activities where they will have the opportunity to practise their English in a social setting.

- ✓ English Language
- ✓ Certified teachers, low teacher-student ratios
- ✓ Formal assessment / Beginner, Intermediate, or Advanced Grouping
- ✓ Written grammar, spelling, sentence structure
- ✓ Oral vocabulary, pronunciation, and conversation skills
- ✓ Morning Tutoring (9:00-11:30 am) and Afternoon Camp Activities (1:00-3:30 pm)
- ✓ No extra charge for early drop-off or late pick-up (8:00 am - 6:00 pm)

Ages 4 - 13 years

- ✓ Math, Language
- ✓ Formal assessment / Individual Education Programme
- ✓ Certified teachers, low teacher-student ratios
- ✓ Morning (9:00 am - 11:30 am) and Afternoon (1:00 pm - 3:30 pm)
- ✓ Can work in combination with our Summer Camp (8:00 am - 6:00 pm)
- ✓ No extra charge for early drop-off or late pick-up

Tutoring in Math and Language for children ages four to five years old are taught using a blended Montessori approach.

UMS Discovery Camp

UMS Discovery Camp is for campers ages 3 to 6 and is designed to provide Campers with a variety of unique, fun-filled experiences in a safe, nurturing environment. Campers are divided into age-appropriate groups, supervised by a qualified childcare worker and an assistant, and participate in the below morning and afternoon activities. This year, special attention has been made to ensure our staff, campers, and families remain safe during the Covid-19 pandemic, please refer to our Covid-19 Summer Camp Protocol prior to attending.

Trips and Visitors

UMS Discovery campers enjoy a variety of field trips and camp visitors during their time at camp. Our trips and visitors teach campers about a variety of topics in a fun and engaging way. Information about specific field trips and visitors for each week will be coming soon!

***Due to the ongoing Covid-19 pandemic, visitors and virtual field trips may be subject to change.**

ART

Campers express and develop their creativity in the Arts while working with a variety of different media, including painting, sculpting, drawing and collage.

MUSIC

Campers express themselves creatively through songs and instruments. The basic elements of music – rhythm, melody, dynamics, phrasing and form will be introduced to the Campers through activities involving singing, movement, and playing simple Orff instruments.

SCIENCE

Activities will build an understanding of key science concepts. The Campers will discover various topics in Life, Physical, and Natural Sciences. Hands-on experiments will develop process skills such as: observing, describing, discussing, comparing and predicting.

FRENCH

Campers will be exposed to the integrative AIM French Teaching Method, which uses action based activities in drama, dance, and music to teach the French language.

IPAD & COMPUTERS

Campers are given an opportunity to enjoy learning through use of technology with this program. A variety of fun, interactive and educational software/apps engage Campers' imaginations and help build their technical skills, such as creating their own stories with accompanying artwork and voice recording on iPads.

GYM

Campers will participate in fun-filled gross motor activities, including sports and gymnastics. They will develop positive attitudes and learn to work together while staying physically active.

SPECIALTY ROOM

In this room, Campers learn specialized activities each week. From discovering life skills such as cooking and sewing, to learning healthy living activities such as dance and yoga, our specialty room offers Campers interesting, fun, and insightful knowledge.

TRIPS & VISITORS

Campers will participate in a host of special days scheduled throughout the summer, such as crazy hair day and pajama day. A virtual field trip or a visit from a special guest is scheduled every Friday.
