INTERNATIONAL LANGUAGE CAMPS

Summer 2026 Brochure

LIVE THE LANGUAGE!

Experience an unforgettable summer with International Language Camps!

ABOUT US

Every child is unique, and so is our program — fully personalized to meet their needs.

Since 1996, we have been creating more than just holidays — we create memories that last a lifetime.

Nestled in the heart of the French Alps, our camps combine high-quality language learning with exciting sports and cultural activities.

Your children won't just learn — they'll grow, thrive, and build friendships with campers from all over the world.

In a safe, caring environment, they'll return home with lifelong memories and friendships.

**FOR THE LAST 30 YEARS, WE
HAVE BEEN CREATING
UNFORGETTABLE MEMORIES —
WHERE EXCELLENCE, SAFETY,
AND FUN COME TOGETHER.**

WHAT MAKES US UNIQUE

- **A Multicultural and Inspiring Environment** : Children from all over the world come together to share a unique human and linguistic adventure.
- **Words to the World** : In our camp, words become bridges between cultures. Through this diversity, each child learns from others — our differences don't divide us, they unite us in a meaningful shared experience.
- **Makers of Unforgettable Memories** : Children leave not only with stronger language skills but also with lifelong friendships, cherished moments, and a true sense of adventure.
- **Excellence and Safety** : With almost 30 years of experience in international camps and as a language school, we ensure the highest standards of language teaching, care, attention, and safety.

WHY CHOOSE OUR CAMPS ?

- 01 Total Language Immersion :** Your child will learn English or French naturally, every day, with **passionate and qualified native teachers**. Classes are small — no more than **8 students** — for personalized learning and rapid progress. What makes **our camp truly unique is our perfect balance between English/other languages and French-speaking campers**. This ensures a genuine linguistic immersion where each child learns while sharing their own language and culture. Because speaking a language means living it every day: **LIVE THE LANGUAGE!**
- 02 High-end Accommodation :** Campers stay in a **beautiful alpine hotel** in the heart of Megève. **Rooms for two children** offer both comfort and security. Every detail is designed to make them feel at home. **Meals are balanced, delicious, and tailored to each child's needs**.
- 03 A Variety of Activities :** Sports, creative workshops, and outdoor excursions — every day is a new adventure! Activities are led by certified professionals and our experienced and caring consellers. **Children are grouped by age to encourage natural communication in the language they are learning**. Our camps are designed to help every child discover new passions, challenge themselves, and most importantly — have fun! Fun, discovery, and laughter guaranteed!
- 04 A Safe and Caring Environment :** Nothing is more important than your child's safety and well-being. **With a 1:5 counselor-to-camper ratio and professional supervision at all times**, your children are in good hands. Our **camp director is available 24/7 to answer questions and connect parents with their children** in the evenings. Safety, trust, and happiness — our top priorities.
