Focus Learning was born out of a desire to inspire and empower children like my own daughter, who has a very curious mind and always wants to learn more. The best reward as the founder of Focus Learning is to see the confidence grow among the kids and see the eagerness in embracing more challenges in life and work."

Walter's FUNtastic Bank™ continues to encourage your child to form good saving habits. Fun pretend shopping experiences (for needs and wants) introduce budgeting and help your kids practice money math including rounding to the nearest nickel.
