

Director's Message,

"At Brock Academy, we want to give as many students as possible, the opportunity to complete their OSSD and move

on to bright and successful futures. We understand the unique circumstances that shape each student's needs. Whatever your circumstances or schedule, Brock Academy will work with you to ensure you successfully complete your OSSD.

With our focus on individualized learning as well as STEM, we strive to build a strong academic foundation and prepare you for success in your college/university education.

Earn a world-class education and prepare for your future."

The School Year at Brock Academy

We offer Fall and Winter semesters and a Summer term.

Fall Semester: Starts immediately after Labour Day in September and runs to the end of January.

Winter Semester: Starts at the beginning of February and runs to the end of June.

Summer Term: Starts at the beginning of July and runs to third week of August.

Academic Offerings

Brock Academy offers all subjects under Ontario Senior Elementary School Curriculum (Grades 7-8), with a special focus on STEM being taught by subject specialists.

We also offer a wide array of high school credits in English, Math, Sciences as well as Social Sciences and Humanities in both in-class and online format.

Your Future Begins Here

Healthy Activities and Academic Excellence

Brock Academy is proud to offer the highest quality instruction with the greatest convenience. Your child's education from Grades 1-12 with us will not only help them complete their OSSD credits, but also help prepare for the University application process. Give your child the tools and help they need to graduate. Visit Brock Academy or email us at info@brockacademy.ca to find out more.

Brock Academy - An Overview and Highlights

About the School: Brock Academy is a private school, authorized to issue credits towards the Ontario Secondary School Diploma (OSSD). We are regularly inspected by the Ministry of Education and offer a complete Canadian (Ontario) high school curriculum. Completing your OSSD with Brock Academy will equip you for a bright and exciting future. The OSSD diploma is a passport, not only to Ontario post-secondary schools, but for the rest of the world. It prepares you for every opportunity the world has to offer and ensures that your university application earns the distinction and recognition it deserves.

Growth and Expansion: With a decade's success as an online school for Grades 9-12 since 2008, a brand-new campus at Port Dalhousie, St. Catharines opened in February 2019. Set in a historic church building, Brock Academy is a new landmark in the scenic Niagara region. The new location offers affordable education for students in Grades 1-12 with a strong focus on STEM. Further, our small class sizes, strong academics and focused attention on each student, makes us geared for students with learning challenges and IEP's. Our facilities house a large, 5,000 sq.

ft. gym where a wide range of specialized fitness and recreational programs will be offered to children over the age of 6 in the local community. Volleyball, basketball, dance and fitness for youth with learning challenges, are some of the programs we offer as 6-week modules, summer programs and March Break programs.

Contributing to STEM Education: Studies show a continuing shortage of North American graduates with a background in STEM, i.e. Science, Technology, Engineering and Math. Brock Academy employs subject matter specialists trained in teaching these subjects to provide students with a quality education. To improve communication skills among youth, we also have on staff, teaching experts in English who work with students on strengthening their reading, writing and listening abilities.

Success for students with learning challenges (IEP students): We offer a unique, flexible and individualized approach to student learning. Through implementation of various accommodations and use of learning strategies, put together in an IEP, most students can be successful in moving toward a post secondary education.

Post Secondary admissions guidance and counselling. At Brock Academy you will be guided through all steps of your university/college application process, not just for grades only programs but also for the highly competitive grades plus programs. We also have experience in helping students get into universities in the US, UK, Ireland and the Middle East.

Global Collaborations: To enable international students aiming to pursue higher education in Canada, we have cemented collaborations with established schools in Turkey, Nigeria and South Africa and we continue to add more countries. Our student graduates have gained admissions to universities across Canada, USA, Sweden, Turkey, Syria, Egypt, Jordan, Ireland and various medical schools in the Caribbean.

Brock graduates have gotten offers from many leading universities, such as:

McMaster University
University of Toronto
University of Guelph
Trent University
York University
Laurentian University

University of Waterloo
University of Ontario
Institute of Technology
University of Western
Ontario
University of British
Columbia

University of Windsor
Brock University
University of Ottawa
Carlton University
Lakehead University
Ryerson University
