

3 Reasons Why Orangeville Christian School Is The Right Choice!

Every Parent
DREAMS

Orangeville Christian School is a private, independent Christian School serving Shelburne, Caledon, Grand Valley and Orangeville as well as rural Dufferin County. It is a vibrant place where children are educated with Christian values and faith in a private school environment.

Since its inception in 1979, there have been many changes. The one factor that remains the same is that the school has caring and fully certified teachers that have a passion for learning and for weaving their personal faith into the way they teach and the way they reach each individual child.

We are more than a school, we're a community.

Parents partner with teachers to foster a love of learning, a love of God and creation, and a love for others that will prepare children to go out into the world and continue their lifelong educational journey.

For the past number of years, we have been situated on the outskirts of Orangeville on a spacious and pristine piece of land. Our building is home to a small group of students who participate in an excellent liberal arts curriculum infused with new technology. French is taught beginning in Junior Kindergarten and students start taking instrumental music in grade 3.

We also boast a full-size gym where both Physical Education and extracurricular sports are enjoyed.

Every parent's dream is that their child will have a positive educational experience. This document outlines the 3 reasons why choosing the Orangeville Christian School is a great option to turn those dreams into a reality.

Every parent dreams!

Rick Schenk
Principal,
Orangeville Christian School

01

Student-Centred

Orangeville Christian School challenges children to grow and thrive within a safe, nurturing learning environment.

Classroom instruction at Orangeville Christian School is focused on improving student learning. Our students are challenged and equipped with the skills needed to become leaders of their own learning as they actively participate in the exploration and discovery of God's amazing creation.

By focusing on learning skills, work habits and social skills, our classroom teachers are preparing our students to become life-long learners and successful members of their local communities. Our dedicated and caring teachers strive to meet the learning needs of all their

students by providing excellent, Christ-centred instruction in their classrooms.

In addition to classroom instruction, our Special Education Resource Teachers (SERT) support and assist our classroom teachers by responding to any learning intervention needs that are identified through internal and/or external testing. By providing modified learning expectations in our Enrichment and Special Education programs, all our students are challenged to reach their God-given potential.

02

Parents As Partners

Orangeville Christian School partners with committed parents to provide our students with a firm foundation established on the Word of God.

Parents and teachers at Orangeville Christian School partner together to provide a quality, Christ-centred education. When you choose to entrust your children to the care of our teachers, a partnership of the greatest confidence and trust is established.

All parents dream that their children will receive a solid educational foundation that will help them face the challenges of life. Actively participating in your children's educational experience while partnering with like-minded teachers sends a very clear message that you are committed to building that foundation together.

There are many opportunities to get involved. Parents are encouraged to volunteer at school community events, to share their unique gifts and talents, to chaperone on field trips, to maintain our beautiful facility, to coach our sports teams, to pray for our school community and to assist in many, many other ways.

03

Diverse Curriculum

Orangeville Christian School provides a diverse curriculum that challenges each student to reach their God-given potential.

As an independent, private school, the curriculum at Orangeville Christian School aligns, but does not fully adopt, the curriculum expectations of the Ontario Ministry of Education. Alignment allows our teachers to provide learning opportunities that encourage our students to develop their full potential, while ensuring that specific and complementary ministry expectations are not only met, but exceeded.

Our diverse curriculum provides students with learning experiences that encourage high-quality student work. For example, our teachers incorporate expeditions and projects

that encourage students to become experts in a particular area of study. The culmination of these expeditions is a “Celebration of Learning” where students showcase what they have learned with the community.

The curriculum also includes excellent opportunities for students to participate in extra-curricular activities. Whether in sports, music, drama or through class and school activities, Orangeville Christian School offers wholesome, creative and challenging opportunities both inside and outside of the classroom.

Orangeville Christian School
*partners with parents, has a diverse curriculum,
and is student centred.*
