Prepare your child for lifelong success with our custom-made curriculum that builds academic, social, and emotional skills for any school environment. Our program includes:

- **Core Academics:** Phonics, early reading, math, science, and social studies.
- **Language Learning:** Spanish and English introduction.
- **Social Confidence:** Etiquette, teamwork, and communication skills.
- **Creativity:** Art and hands-on projects to spark imagination.
- **Private School Prep:** Skills and confidence for structured settings.

Roaring Cubs - Chinese presented by Asland Learning Academy

Our program offers a comprehensive approach to learning Chinese, open to all skill levels—from beginners to advanced learners. Students can explore Simplified and Traditional Chinese, as well as both Mandarin and Cantonese dialects. Our interactive lessons develop students' reading, writing, speaking, and listening skills, while deepening their understanding of Chinese traditions and history.

Seasonal & Pro-D Day Camps

Maximize Every School Break!

Transform holidays and Pro D Days into growth and fun. Our camps blend academic enrichment with creative exploration in a supportive environment. **Academics:** Math, reading, writing & critical thinking. **STEM:** Science, basic coding & 3D printing. **Creativity:** Art, crafts & more. We inspire curiosity, confidence, and lifelong learning!

After School & Weekend Tutoring Program for Ages 4-14

Our personalized tutoring—available one-on-one or in small groups—strengthens academic foundations while targeting each child's unique learning goals. For added convenience, we also provide school pick-up from nearby schools. Students benefit from a well-rounded program that includes math and science, language support in Chinese, English, Spanish, and French, STEM skills such as coding, 3D printing, and critical thinking, creative arts to spark imagination, and public speaking to build confidence and communication skills.

Personality Building Clubs

Personality Building Clubs focus on developing children's soft skills and character. Through engaging games, role-play, teamwork, and creative projects, children build confidence, communication, empathy, leadership, and problem-solving skills. These clubs provide a supportive environment where children grow into well-rounded, resilient individuals — prepared for both school and life. It's a backup for their future.
