Serving Grades 6 - 12

Welcome

Niagara Christian Collegiate

Niagara Christian Collegiate (NCC) is an independent, non-denominational Christian school located on the beautiful Niagara River near Niagara Falls, Ontario, Canada. NCC is rich in heritage and tradition and has been educating students with excellence since 1932. Based on Biblical Truth, we prepare students for life success by shaping character, building intellect, instilling self-discipline and developing leadership skills. When you arrive on campus, you will experience the peaceful, friendly and nurturing environment where students thrive, and the process of life-long learning begins.

Stepping Stones to Success

NCC Middle School (Grades 6, 7 and 8)

Energetic and enthusiastic teachers incorporate Project-Based Learning, which sparks student engagement across the curriculum and also lays the foundation for success at the Secondary School level. Students enjoy a vibrant, yet stretching environment which moves them toward greater independence and responsibility. Local Canadians attend as day students, and international students reside with local Canadian families through NCC's HomeStay Program.

NCC Secondary School (Grades 9 to 12/University Prep)

For over 80 years, NCC's Secondary School has been recognized as an educational leader around the world. Our mission-guided teaching staff provides individualized support, which promotes success for each student. The international student body creates a diverse learning atmosphere that broadens each student's worldview. NCC Secondary School is home to local Canadians as either day students or residential program students. International students are welcomed to the NCC family and enjoy residence life on campus or live with a caring Canadian family through NCC's HomeStay Program.

July Summer Camps (Age 11-17)

July summer camps feature strong morning academic programming and fun-filled group afternoon activities on campus as well as in the Niagara Region and Greater Toronto Area. All students stay in one of NCC's dormitories that are supervised by our caring faculty and staff. Students between the ages of 11 and 17 get to know NCC and have an enjoyable start to the NCC experience by attending one of our July Summer Camps.

August Credit Programs (Grades 9-12)

Designed to jump-start the academic school year, the August Credit Programs earn students an Ontario Secondary School Credit in Math or English, laying the foundation for success in future studies at NCC or elsewhere. Our August students gain cultural experience, make new friends, get to know NCC teachers, achieve confidence, become acclimated to the North American style of teaching, and get to know their way around campus – all before the school year begins.

Customized Short Term Programs

Individuals and groups of all ages can experience the North American style of teaching in a Canadian setting through a customized short-term program. Programs are available ranging from a one-week visit to a full semester. Students get to learn more about Canadian culture, see the beautiful Niagara Falls area, and attend classes. These programs have limited availability.

Mission Statement

In an international community of schools, to educate students with excellence in a family-like environment, equipping them to grow God's Kingdom, and empowering them to make a difference in the world.

NCC Middle School

NCC's Middle School faculty purposefully engages, supports, and guides during this crucial transitional period in a student's life. Small class size, structure and discipline help students grow into mature young adults with strong personal character, confidence, and intellect. NCC's Project-Based Learning Program provides students with challenging, lively, hands-on experience which requires the meaningful application of content and skill in each subject area across the curriculum. Our students gain strong 21st-century skills which benefit them not only in Secondary School, but also at University and in their chosen careers.

NCC middle school students are given the unique opportunity to gain an enhanced perspective on global issues as well as broadened cross-cultural awareness through interaction with NCC's international student body. Our students can travel abroad through exchange programs or simply interact on campus with planned or spontaneous cultural activities.

NCC Middle School students participate in weekly chapel and Biblical principles are integrated into daily lessons. Students are engaged in an active discovery of who God is and what His purpose is for their lives.

Core Academic Program

- Language
- Mathematics
- The Arts
- Science and Technology
- English as an Additional Language (international students)

Specialized Academic Programs

- Art
- Music
- French
- Healthy Active Living

School Facilities

- Library
- Computer Lab
- Student Recreation Centre
- Sports Field
- Gymnasium
- Community Centre/Chapel
- Art Studio
- Music Department

Student Activities and Other Programs

- Athletics - volleyball, soccer, badminton, basketball, track and field
- Music - vocal choir, music and drama productions, instruments
- Clubs
- Student council
- Field trips
- Family involvement
- Leadership & Christian Lifestyle Programs

NCC Secondary School

Academic Program

NCC Secondary School provides a progressive, stimulating education for young people from around the world. Students at NCC are surrounded by enthusiastic and loving teachers who clearly communicate course content integrating faith, values, and knowledge. The low student to teacher ratio allows each student to achieve personal goals and become a life-long learner. Teachers are actively involved in the lives of our students, giving them personal attention to empower them to be successful.

Our students graduate with the Ontario Secondary School Diploma, and they leave our campus with key leadership skills, a honed intellect, a deepened moral character and increased self-discipline. NCC students graduate ready to make a difference in the world!

Student Services

NCC students enjoy a variety of programs and services designed to help them achieve success—both at NCC and in post secondary studies. Each student is given individualized, ongoing counseling, ensuring that academic goals are set and achieved.

- Individualized guidance
- Career counseling
- Customized tutoring
- Academic support/study lab
- Experiential learning
- University prep programs, including IELTS and SAT tutorials
- Organized testing opportunities
- On-site university representatives

**100% acceptance

Setting High Expectations

Achieving Superior Results

Student Life

School activities are an important part of the NCC experience, and NCC's beautiful 127 acre campus provides the perfect back-drop for a variety of outdoor activities. Our spacious gymnasium, recreation centre, fitness centre, music room, and other indoor facilities also aid in providing rich opportunities to develop leadership and social skills, confidence and self-discipline.

Leadership Activities

- Off campus retreats and seminars
- Athletic Council
- Residential Leadership Program
- Community Outreach
- International Travel

Athletics - OFSSA Sanctioned

Basketball, volleyball, badminton, soccer, track & field, swimming, golf, tennis, softball, cross country and many intramural activities

Clubs

Yearbook Committee, Student Council, Fishing, Bible Reading, Cosplay, Community Involvement, Prom Planning, and more

Fine Arts

Musical productions, short theater productions, instrumental music lessons, vocal instruction, music ensembles, choir, visual arts

Christian Lifestyle Program

Weekly chapels, Christian Lifestyle classes, community service projects, outreach activities, and mission trips

"The education and extracurricular activities that our children enjoyed at NCC have allowed them to excel in their careers beyond NCC."

Ernie S. - NCC Dad

"My son transitioned to university very easily because NCC had prepared him so well. We strongly believe that sending our boys to NCC was the best decision we could have made for our kids."

Marilyn B. - NCC Mom

Residential Programs

Students in NCC's Residential Program have access to accommodations in modern residential dormitories located on NCC's campus, or in local Canadian homes through NCC's HomeStay Program. All residential students have access to computer labs, wireless internet, library, gymnasium, recreation rooms, fitness centers and outdoor sporting facilities. Regularly planned weekend and evening activities such as shopping, movies, dinners, tourist attractions and cultural events enrich the lives of students in the Residential Program.

Personal Care

On-site healthcare through our nurse practitioner is available to residence students at NCC's Health Centre. The Residence Directors arrange doctor and dentist appointments, transportation, activities, and act as custodians to students in need of personal care or in case of an emergency.

Residential Dormitories

Beautiful residential dormitories on the NCC campus allow students to experience all that NCC has to offer. Boys' and Girls' dormitories are separate facilities, each with a Residence Director and a Residence Assistant living onsite to guide and mentor students. These live-in care-givers help students develop solid, character-building relationships.

HomeStay Program

NCC's HomeStay Program offers students the opportunity to experience Canadian culture while living with a carefully chosen and matched family as one of their own. Families invited to participate in NCC's HomeStay Program are individually selected from alumni, faculty, staff, families of Canadian students and other long-standing friends of the school. HomeStay students are included in all school sponsored activities and residential programming.

Airport Pickup

Airport pickup is arranged for new students arriving at Toronto Pearson International Airport or Buffalo-Niagara International Airport. Students arriving for the first time are met by NCC representatives to reassure inexperienced travelers and their parents.

Campus Dining Room

Canada's Food Guide is followed in the preparation of three nutritious meals a day for students living on the campus, as well as a hot lunch for HomeStay students during the school week.

Amenities

- Air conditioning
- Common rooms and lounges
- Wireless internet
- Recreation centre
- Satellite TV
- Fitness rooms

Study Hall

Mandatory supervised times of study for Residential Program participants encourage students to reach their full academic potential.

Orientation

New international students spend time together to prepare for the school year. Course selections with the Principal or Head of Student Services, English testing with an ESL specialist, shopping for school uniforms, ordering textbooks on-line, opening bank accounts, and touring Niagara Falls and the surrounding area fill the busy daily schedule. Students become familiar with the campus and program, meet new friends and begin relationships that will last a life-time.

Academic Focus

Family-Like Environment

Safe, Beautiful Campus

International Study Program

Students from around the world are currently studying at NCC's culturally diverse campus. For more than 50 years, NCC has successfully graduated international students who have gained admission to some of the best universities in the world. NCC has quietly built an international reputation rivalling that of the most prestigious boarding schools in North America. This distinctive has been attained through our expertly designed International Study Program. A focus on English for Academic Purposes, acquisition of cultural competence and an intentionally created nurturing environment cultivate success in the lives of our students.

Rich in Experience: For more than 50 years we have been welcoming international students to our campus.

ESL Credit Courses

Specialists in English language instruction teach credit courses specifically designed for students learning academic English as an additional language. New international students are tested for their level of English language ability upon arrival at NCC and placed into appropriate classes as recommended by the Principal. Students are prepared to be successful at the secondary school level as well as at the universities or colleges of their choice.

Tutoring for English Language Learners

Individual instruction is available for the highly motivated student to reach his or her personal goals. Also note: English language tutoring may be required as part of a student's individualized success plan. Qualified and experienced private tutors are offered at an additional cost for those students who receive support in the following areas:

- Reading Skills
- Grammar and Intensive Writing
- Vocabulary Building
- Integrated Academic English Skills
- Pronunciation
- Proofreading
- Literacy Test Preparation
- TOEFL Preparation
- IELTS Preparation
- SAT Preparation

English Lifestyle Integration

NCC international and Canadian students interact through a variety of planned events as well as spontaneous activities. It is this full, intentional life integration that enhances English speaking, comprehension and the successful acquisition of social English skills. The diverse NCC campus is the right place for you to thrive as an international student!

How To Apply

Canadian Students:

- 1. Required for Admission:**
 - a. Completed Application Form
 - b. Completed Admissions Recommendation Form
 - c. Recent School Reports (current year and previous two years)
 - d. 1-2 page Essay of Self-Introduction (family, interests, future goals)
- 2. Email all documents to enroll@niagaracc.com or apply online niagaracc.com**
- 3. Possible additional information upon request**

International Applicants:

- 1. Required for Admission:**
 - a. Completed Application Form
 - b. Copy of Current Passport
 - c. Recent School Reports (current year and previous two years)
 - d. 1-2 page Self-Introduction (family, interests, future goals)
- 2. Email all documents to enroll@niagaracc.com or apply online (niagaracc.com)**
- 3. Possible Additional Requirements:**
 - a. English Placement Test
 - b. Results of external examinations, e.g., TOEFL, SSAT, IELTS, General Certificate of Education

NIAGARA CHRISTIAN COLLEGIATE GRADUATE REPORT 2020

EXCEPTIONAL 2020 GRADUATES

DANIEL SOPPITT

Daniel was honoured as this year's Valedictorian, a distinction recognized in a graduate who demonstrates outstanding academic performance, makes a significant contribution to school life, and supports the ideals of Niagara Christian Collegiate. Daniel was also granted the Governor General Medal, which is awarded for academic excellence to the student who achieves the highest average upon graduating from secondary school. This average includes all grade 11 and grade 12 courses. Daniel will pursue studies in Kinesiology at McMaster University.

JOSIAH FORDE

The Duodecimus is the highest honour given by Niagara Christian Collegiate. It is awarded to the graduate making the most significant contribution to the total life of NCC spiritually and socially, and who achieves exceptional academic standing. This student is required to have participated in at least one major extra-curricular activity, and is a strong contributor to school spirit, displaying a positive attitude toward NCC. Josiah was also selected as Salutatorian, and will bring greetings to the commencement audience on behalf of the Class of 2020. Josiah will attend the University of British Columbia to study Nursing.

RAYMOND XIANG

Raymond is the recipient of this year's Grade 12 Proficiency Medal which is awarded to a student demonstrating exceptional academic achievement in grade 12, who supports the ideals of Niagara Christian Collegiate, and contributes to school life. Raymond will continue his post-secondary education at the University of Toronto. He has been accepted to study in the Electrical and Computer Engineering program.

Congratulations to the Class of 2020!

We are sending this fine group of students off on their next adventure with great confidence in their ability to achieve success in their future academic, professional, and personal pursuits. The strong foundations they developed at Niagara Christian Collegiate will enable them to achieve big dreams and rise to life's many challenges. There's a bright future ahead for these students! We look forward to hearing about their successes in the years to come.

We wish you all the best in your future endeavours!

August Credit Program

August 9 - September 3, 2021

Fee: \$4,850

August Credit Program

What makes this program unique?

- Dynamic and challenging content tailored to students' needs and course requirements
- Well-qualified, enthusiastic, and caring faculty and staff
- Early start at earning secondary school credits in the Ontario curriculum
- Advanced student preparation for all areas of academics in Ontario
- Cultural experiences, field trips and activities throughout Southern Ontario

What are the benefits of studying in the August Credit Program at NCC?

- Meet new friends in small classes
- Get comfortable with your new environment
- Get to know teachers and staff before the full school year begins
- Introduction to the North American teaching style
- Bring your skills up to a level that gives you confidence

English Preparation for International Students

Academic English skills are essential for success in university studies and future employment. With four levels of ESL available in the August English Credit Program, gain an early advantage towards your pursuit of academic success.

Four Course Levels of English Offered:

- **ESLAO** - Basic English
- **ESLBO** - High Beginner English
- **ESLCO** - Intermediate English
- **ESLDO** - High Intermediate English

Each course offers the appropriate level of study in grammar, writing, reading, speaking, and listening skills. Canadian culture and history are also components of each course.

Build a solid foundation for English language proficiency.

Achieve the ability to function in a classroom where English is spoken.

Prepare for success at top universities.

Preparation for Success in Math

Studying Math in the August Credit Program will help you to build a strong mathematical foundation essential for future success in a broad range of secondary and post-secondary studies.

Grade 9 Mathematics: MPM1D

This course enables students to develop an understanding of mathematical concepts related to algebra, analytic geometry, and measurement and geometry through investigation, the effective use of technology, and abstract reasoning. Students will investigate relationships, which they will then generalize as equations of lines, and will determine the connections between different representations of linear relation. They will also explore relationships that emerge from the measurement of three-dimensional figures and two-dimensional shapes. Students will reason mathematically and communicate their thinking as they solve multi-step problems.

Grade 10 Mathematics: MPM2D

This course enables students to broaden their understanding of relationships and extend their problem-solving and algebraic skills through investigation, the effective use of technology, and abstract reasoning. Students will explore quadratic relations and their applications; solve and apply linear systems; verify properties of geometric figures using analytic geometry; and investigate the trigonometry of right and acute triangles. Students will reason mathematically and communicate their thinking as they solve multi-step problems.

Prerequisite: Grade 9 Academic Math, or equivalent

Grade 11 Functions: MCR3U

This course explores the mathematical concept of functions by extending a student's experience with linear and quadratic relations. Students will investigate properties of discrete and continuous functions, including trigonometric and exponential functions; represent functions numerically, algebraically, and graphically; solve problems involving applications of functions; investigate inverse functions; and develop skills in determining equivalent algebraic expressions. Students will reason mathematically and communicate their thinking as they solve multi-step problems.

Prerequisite: Grade 10 Academic Math or equivalent

Preparation for Success in Core English

Designed for both local and international students whose first language is English, or is at a native-like level, the August Credit Program's Core English course will help you to master the English skills required for future success in a broad range of secondary and post-secondary studies.

Grade 10 English: ENG2D

The ENG2D split course is designed to extend the range of oral communication, reading, writing, and media literacy skills that students need for success in their secondary school academic programs and in their daily lives. Students will analyse literary texts, interpret and evaluate informational and graphic texts, and create oral, written, and media texts in a variety of forms. An important focus will be on the selective use of strategies that contribute to effective communication. This course is designed to prepare students for the compulsory Grade 11 Academic English course.

Prerequisite: Grade 9 Academic English or equivalent

Grade 11 English: ENG3U

This course emphasizes the development of literacy, communication, and critical and creative thinking skills necessary for success in academic and daily life. Students will analyse challenging literary texts, a range of informational and graphic texts, and will create oral, written, and media texts in a variety of forms. An important focus will be on using language with precision and clarity and incorporating stylistic devices appropriately and effectively. The course is intended to prepare students for the compulsory Grade 12 university or college preparation course.

Prerequisite: Grade 10 Academic English or equivalent

August Credit Program
