OUR PROGRAMS

Junior High School: Grades 9-10

We've designed an accelerated program that allows students to complete grades 9 and 10 within one year. According to recent research, an intensive academic program in junior high school enhances students' abilities in major subjects such as math, science, and technology while preparing them for senior high school. Finishing high school a year earlier can save students and their families valuable time and money.

REGISTER NOW!

University Pathway: Grades 11-12

Courses at Rutherford School are designed and taught by experts in their fields, with a focus on developing professional methods, skills, and intellectual habits. Each academic subject culminates in post-Advanced Placement and University-Level courses. Our University Pathway Program provides students with the education, skills, knowledge, and credits required to be accepted into a top-ranked Canadian or American university or college.

Advanced Placement (AP) Courses

- AP Calculus
- AP Computer Science
- AP Physics
- AP Chemistry
- AP English

WHAT MAKES US UNIQUE

At Rutherford School, we offer **Elite Hi-Tech Programs** that are specifically designed for students who are passionate about the technology industry and who wish to pursue a career in it. Students will earn high school credits while receiving a certificate from one of the world's leading universities. We strive to help our students expand their knowledge and develop their potential.

Computer Science

In this course, CS50x, we teach students how to think algorithmically and solve problems efficiently. Students will learn concepts like abstraction, algorithms, data structures, encapsulation, resource management, security, software engineering, and web development.

Digital Marketing

We prepare students for new careers in the high-growth fields of digital marketing and e-commerce. Businesses need digital marketing and e-commerce talent more than ever before; 86% of business leaders report that digital commerce will be the most important route toward growth and success.

Business and Technology

Understanding a business and its environment is important in shaping the role of key business functions. In these courses, students will learn the types of businesses, their purposes, business organisational structure, and functions.

With our help, students will gain admission to high-ranked universities and be ready to join the world's hi-tech leading companies!

WE VALUE EACH STUDENT

360° STUDENT CARE

At Rutherford School, we are committed to the well-being of our students and their families. Our guidance and experience help them adjust to life in Canada as newcomers. We have caring staff who can speak students' native language and make them feel like at home. We provide students with plenty of support as they transition to their new life. (\$2,500.00 CAD/Academic School Year)

Immigration Support

In the past decade, we have assisted over 100 families and international students in obtaining study permits and tourism visas. We provide a **Letter Of Acceptance (LOA)**, **Custodianship Declaration** and **Invitation Letters** for parents to come to Canada with their children. Our partnerships with immigration offices in Canada allow us to offer our clients the best advice possible.

University Admission Support

Our goal is to prepare each student for a unique university pathway based on their strengths and interests. Our team will help them submit all the required applications to get into the university of their choice.

Airport Transportation

The first-time international students are welcomed at the airport by our staff, who then drive them to their residences. They are also taken to the airport when they leave Canada to visit their families. They are accompanied by us until they check in to board the aircraft.

Home Stay

We work with many trustworthy families who enjoy hosting international students. They provide our students with homemade meal plans, a friendly environment and share extensive Canadian experience with them. (\$18,000 CAD/Academic School Year)

Medical Care

We assist students in finding the right medical insurance through our partner insurance brokers. Furthermore, we take students to walk-in clinics or emergency rooms depending on their health condition.

Opening Bank Account

We provide international students and their families with reference letters to open a Canadian bank account to help them with all necessary transactions.

Public Transportation

We show students how to navigate public transportation which is one of the most cost-effective ways to commute in Toronto.

Canadian Phone Number

We help international students register for a Canadian phone plan by using our school corporate account.

Communication with Parents

Our relationship with parents at RPS is very strong. Parents can easily access digital platforms to review school attendance, academic progress and learning skills. We have a private social media group for school announcements and events. Parents can directly communicate with school faculty through Zoom meetings.

SUMMER SCHOOL

Summer is a wonderful time to visit Toronto and improve English language skills with native-speaking instructors and receive high school credits toward the Ontario diploma.

Toronto is the largest city in Canada and one of the most popular tourist destinations in North America. Toronto hosts numerous music and food festivals during the summer season. Enjoy a picnic at Centre Island Toronto and relax on the beach of Ontario Lake.

STUDENT LIFE

We are all a part of the Rutherford School family. It is a pleasure to celebrate events, special occasions, and successes with one another. Over the years, students have participated in a variety of museum, university, and city tours, as well as summer and winter activities like music festivals, art exhibitions, and camping adventures in national parks. A wide range of academic, cultural, and social activities are available to Rutherford students, including indoor and outdoor sports, DECA business competitions, Robotics clubs, and student productions of social media shows.

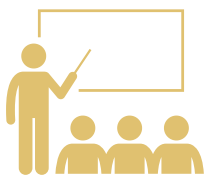

LEARN MORE

CANADA ZOOM SCHOOL

Canada Zoom School is a virtual distribution of the Rutherford School developed during the Pandemic. The school offers high-quality Canadian academic programs from Grades 9-12 where dedicated instructors help talented students worldwide pursue their passions in real-time virtual classes.

Students join classes from anywhere in the world and have the option to either enroll part-time, in collaboration with their home school, or in a full-time capacity. They are placed into courses by their readiness, not solely by their age or grade level.

ADMISSION PROCESS

FORMS

HELPING YOU SUCCEED

1 Start with Rutherford Private School, get an LOA and a Study Permit

2 Come to Canada, get an OSSD and acceptance to a top university

3 Work while studying at university until graduation

4 Apply for a Work Permit and Permanent Residency

THE ONTARIO CURRICULUM IS
RECOGNIZED AS AN INTERNATIONAL
STANDARD BY ALL UNIVERSITIES
AROUND THE WORLD.

Credit Transfer

The guidance office will grant equivalency credits to students who have completed high school in their home country. For each high school year spent in their home country, international students can earn 8 credits.

Credits granted for each grade from your home country

- Grade 9 → 8 Credits
- Grade 10 → 16 Credits
- Grade 11 → 24 Credits

OSSD Requirements

To earn a high school diploma in Ontario, students must:

- Earn 18 compulsory credits
- Earn 12 optional credits
- Pass the literacy requirement
- Earn at least two online learning credits
- Complete a minimum of 40 hours of community involvement activities

Meet The Team

Our faculty members are specialists in their fields. Our teachers are life-long learners and have a great desire to lead their students toward academic and personal success. Although highly educated and knowledgeable, they are extremely flexible toward adopting new perspectives and modern teaching methods.

We speak English, Farsi, Russian, Hebrew, Arabic, Turkish, Urdu, Tamil, Romanian, and Spanish.
